## Criteria Used as the Basis of Reporting

The Selected Sustainability Performance Data have been prepared in accordance with Vicinity's "Sustainability Reporting Criteria FY2021", available on Vicinity's [website](#) ("the Criteria").

## Basis for Conclusion

We conducted our work in accordance with Australian Standard on Assurance Engagements ASAE 3000 (Standard). In accordance with the Standard we have:

- used our professional judgement to plan and perform the engagement to obtain limited assurance that we are not aware of any material misstatements in the Selected Sustainability Performance Data, whether due to fraud or error;
- considered relevant internal controls when designing our assurance procedures, however we do not express a conclusion on their effectiveness; and
- ensured that the engagement team possess the appropriate knowledge, skills and professional competencies.

## Summary of Procedures Performed

Our limited assurance conclusion is based on the evidence obtained from performing the following procedures:

- gaining an understanding of the reporting processes supporting the business activities related to the Selected Sustainability Performance Data;
- conducting interviews with relevant Vicinity Centres personnel to understand the internal controls, governance structure and reporting process over the Selected Sustainability Performance Data;
- evaluating the appropriateness of the Criteria with respect to the Selected Sustainability Performance Data;
- undertaking analytical review procedures to support the reasonableness of the data;
- walkthroughs and testing of the Selected Sustainability Performance Data to source documentation on a sample basis;
- identifying and testing assumptions supporting the calculations; and
- reviewing the Vicinity Centres 2021 Sustainability Story Website for consistency with the Selected Sustainability Performance Data.

## How the Standard Defines Limited Assurance and Material Misstatement

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for a reasonable assurance engagement. Consequently the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

Misstatements, including omissions, are considered material if, individually or in the aggregate, they could reasonably be expected to influence relevant decisions of the Directors of Vicinity Centres PM Pty Ltd.

## Use of this Assurance Report

This report has been prepared for the Directors of Vicinity Centres PM Pty Ltd for the purpose of providing an assurance conclusion on the Selected Sustainability Metrics within the Vicinity 2021 Sustainability Story Website and may not be suitable for another purpose. We disclaim any assumption of responsibility for any reliance on this report, to any person other than the Directors of Vicinity Centres PM Pty Ltd, or for any other purpose than that for which it was prepared.

## Management's responsibility

Management are responsible for:

- determining that the Criteria is appropriate to meet their needs;
- preparing and presenting the Selected Sustainability Performance Data in accordance with the Criteria; and
- establishing internal controls that enable the preparation and presentation of the Selected Sustainability Performance Data that is free from material misstatement, whether due to fraud or error.

## Our Responsibility

Our responsibility is to perform a limited assurance engagement in relation to the Selected Sustainability Performance Data for the year ended 30 June 2021, and to issue an assurance report that includes our conclusion.

## Our Independence and Quality Control

We have complied with our independence and other relevant ethical requirements of the *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Australian Professional and Ethical Standards Board, and complied with the applicable requirements of Australian Standard on Quality Control 1 to maintain a comprehensive system of quality control.
